OPENING REMARKS

On behalf of the Healthy Nyanza Foundation (HNF) and Healthy Nyanza Volunteer (HNV). I would like to take this opportunity to thank all the volunteers, our supporters for taking their time out of their busy schedule, and generous support towards the success of Healthy Nyanza Foundation programs here in USA and Kenya during 2021. The fiscal year our programs included: Covid education, Infrastructure, Lunch program, Scholarship assistance to very needy students, mental health awareness, food drive during Christmas festivities and Kwanzaa celebration.

A HNF board members and volunteers. All the people who offered support, donated their time, resources and educated the communities. We are grateful will not single out any individual because it was a team spirit effort that was geared at creating smiles and laughter to our communities. It was such a magical event and one that took a lot of organization. Thanks to all the American people and Kenyan people for making it an event to remember! The Kenyan people were very much elated to seeing donated by American people for the purposes of empowering the vulnerable group in our community. The donation and awareness really boosted the morale and curiosity of our people toward understanding in life journey you are not alone. Togetherness is powerful or Umoja ni nguvu.

OPENING REMARKS

We were also pleased to learn how much HNF and HNV invested in the just programs in USA and Kenya. This level of humanity touched them to their core, and they were left in an amazement what a heart of servitude you people have and being selfless when it comes to matters of community work and volunteerism. For this they say that they are forever grateful to American people. One of the challenges for board members is asking for money to do community programs. Through God's grace, God will always send helpers and donors who believe in your mission and Vision. My Special gratitude to the cheerful donors for their generous gift. Let us continue to work hard to develop our communities.

Let us use these opportunities to improve and come up with creative ways and innovation that will put us ahead of tackling the world or community problems.

HEALTHY NYANZA FOUNDATION

MISSION

Our mission is to provide health & mental education and health promotion to combat chronic illness. We aspire to provide mentorship to youth and adults but also share ideas and innovations that will provide solutions to social and economic challenges.

VISION

To strive to be our best and compassionate to the people we provide services

OBJECTIVES

- To Continue educating the Kenyan communities regarding covid pandemic guidelines
- To continue educating the communities on infection control measures
- To reassure communities that covid will come to pass
- To raise funds to help with food drive during Christmas festivities
- To create mental health awareness
- To educate the youth on their heritage and values
- To mentor the youth on importance of being good citizens
- To support nonprofit organization that were sharing share mission of improving lives

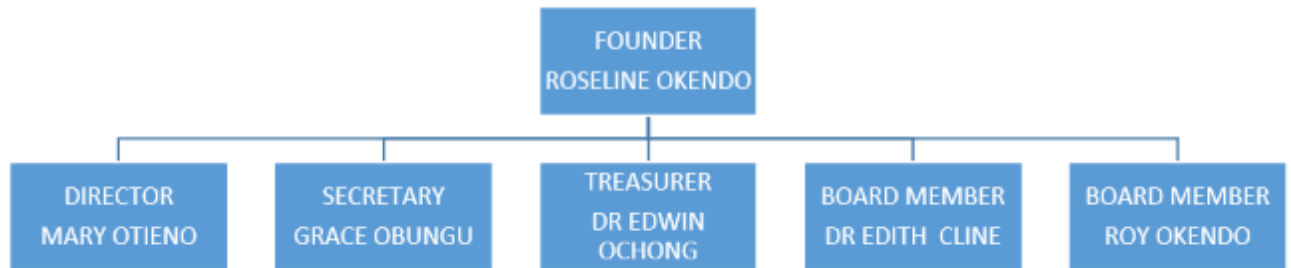

GOALS

- To raise \$7500 or Ksh 750,000 to help support the programs
- To educate the community every week through social media
- To describe four stressors and coping strategies
- To list four ways of effective infection control
- To describe seven principles of Kwanzaa

***"Empowering Healthy Communities
& Prosperous Youth"***

ORGANIZATION STRUCTURE OF HEALTHY NYANZA FOUNDATION

Our Mission

Our mission is to provide health & mental education and health promotion to combat chronic illness. We aspire to provide mentorship to youth and adults but also share ideas and innovations that will provide solutions to social and economic challenges.

INTRODUCTION

The Healthy Nyanza Foundation (HNF) had a busy and successful year 2021. The HNF in collaboration with Healthy Nyanza Volunteers spearheaded various activities that touched many souls and created everlasting smiles in the faces of all participants.

Some of the activities included:

- Infrastructure in Gem Rae, Kenya
- Lunch Program during exam period
- Mental Health Awareness Campaign
- Food Donation to the needy
- Scholarships to students
- Kwanzaa week celebration
- Covid education

1. MENTAL HEALTH AWARENESS

Nyanza Health Foundation (HNF) in collaboration with Healthy Nyanza Volunteers (HNV) carried out mental Health awareness campaign from the month of November through to the first week of December 2021. The objective of the mental health was to create awareness of mental health related illness. Due to Covid-19 pandemic incidences of mental health had risen in USA and Kenya. Many people all over the world had lost their jobs and lost relatives Increase in substance abuse in the youth and adults was prevalent in both countries.

The mental health education was mainly conducted in Gatara and Mathare slums in Nairobi County by Dr Sheba Okumu. Mental health education was also conducted by Dr Elizabeth Owino at Moi University.

The goal was to educate the general public regarding mental health related issues and challenges most families were facing. The education was through community visits, health education talks, direct interaction with the concerned person and health education in schools and churches. The education was done in Kenya and phone talks due to Covid-19, delta and omicron variant. Covid pandemic guideline and protocols were followed.

Diseases are a constant threat to our lives so when the community becomes directly involved in investing in health then we are guaranteed of a positive outcome.

Mental health is real. Many people suffer in silence without anyone noticing.

It is therefore important that we reach out to our brothers, sisters, parents, relatives and friends not only to keep in touch but also find out about their well-being.

Kindly note that the real hopeless victims of mental illness are to be found among those who appear to be most normal.

1. MENTAL HEALTH AWARENESS

To achieve the objective, HNF carried out a funds drives that was successfully organized by HNV in America and Kenya.

Christmas goodies was also given to the Kenyan people.

The beneficiaries of the mental health drive included:

A) Mercy Children's Home in Chicago, USA received a donation of goods worth \$551

B) Nairobi County received a donation of \$300

C) Moi University Students received a donation of \$300

In conclusion, let us create more awareness on mental health and make mental health resources available not only in schools but also in churches, colleges and employment places

Mental Health Awareness Training By Dr. Sheba Okumu

Youth Empowerment

Youth Empowerment
Dr. Okwadha

3. FOOD DRIVE FOR THE NEEDY

During the festive season families and friends always come together to celebrate, party and have fun through visits, travelling or organizing a home gathering or get-together. Unfortunately, in the community there are those who are unable to join or organize such celebrations due to poverty among other socio-economic reasons.

Reason for the Food Drive:

The covid-19 pandemic has caused many Kenyans to lose their jobs and small-scale businesses thus they were unable to meet the day-to-day family obligations. The food drive was initiated by HNF board members and carried out by HNV.

The purpose was to assist the affected families and reassure them that they are not alone in this pandemic.

The objective was to distribute food stuff to churches, schools, community centers and homes.

The goal was to reach:

- 50 churches,
- 20 schools
- 20 community centers and a handful of homes of families affected but could not go to church.
-
- 18 churches,
- five community homes,
- one school Nicholas children home in Nakuru, Kenya.
- Our Lady of peace Church in Darien USA received \$500 to help needy families.

- Food stuffs were bought and distributed in Kiambu, Nairobi, Nakuru, Kisumu, Siaya and Homabay counties to specific churches, one school, three community centers and St Nicholas children home in Nakuru.

Mercy Children's Home, Chicago
Xmas 2021 Food Drive

COVID EDUCATION

COVID SUPPLIES DONATED TO THE COMMUNITY

Covid pandemic education was done during the visits. People were reminded to adhere to covid protocol guidelines.

4. COVID EDUCATION

Covid pandemic education was done during the visits. People were reminded to adhere to covid protocol guidelines.

- Wearing Mask
- Hand Washing
- Social-distancing
- Vaccination

Volunteers in Kenya also distributed hand washing soap and masks to schools and churches.

Some of the churches received medical equipment like BP Machines and Glucometer.

The aim was for community members to familiarize themselves with medical gadgets for taking vital signs.

The HNF board also gave one of the members who is sick and bedridden 30,000/- towards his ongoing treatment and medical bill of about ksh 607,000. It was well received and appreciated by the member who has continued to carry out volunteer tasks despite the challenge.

The HNV also managed to visit three Healthy Nyanza Volunteers who were sick and gave them a token of ksh 5000 each to help with food and medication

sickness

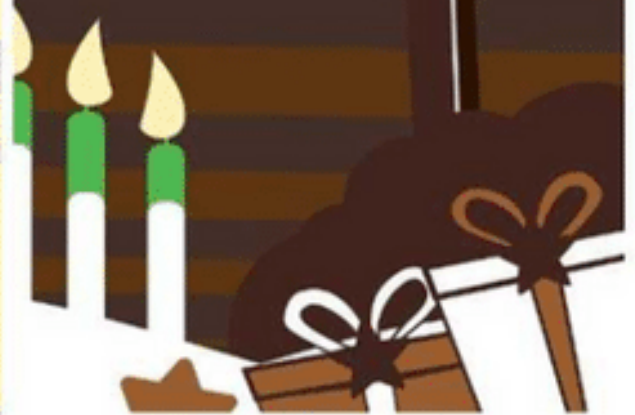

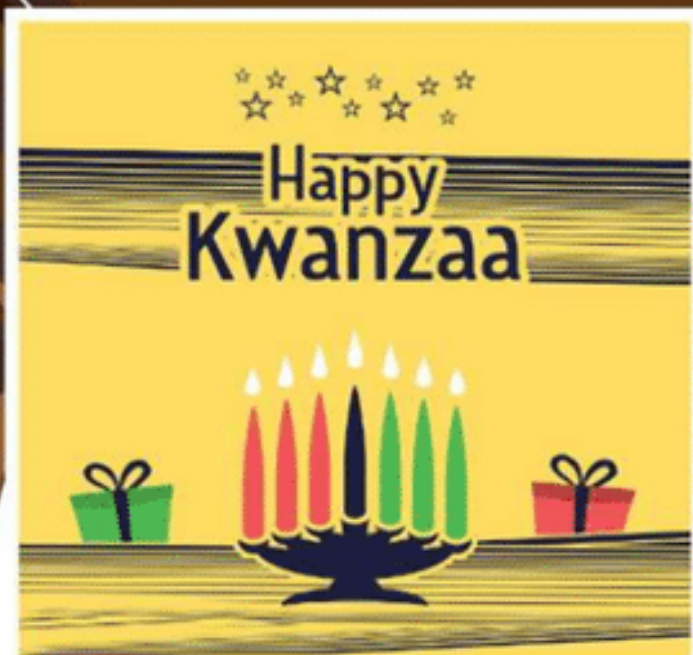

5. Kwanzaa Celebration

The 7 Principles of:

Kwanzaa

Happy
Kwanzaa

ANNE GACHUHI & ROSELINE OKENDO

5. KWANZAA WEEK CELEBRATIONS

The Kwanzaa celebrations ran for a whole week from 12/26/2021 to 1/1/2022

. The purpose was to engage the youth was to remind them of their heritage and values as Kenyans and African America. The objective was to educate the youth on the 7 Kwanzaa principles and how they impact on their daily lives.

The seven Kwanzaa principles are Umoja, Kujichagulia, Ujima, Ujamaa, Nia, Kuumba and Imani.

To achieve the objective the youth were engaged in what was dubbed Kwanza Essay Contest. The youth were involved in, and essay writing contest and token of appreciation awarded.

The goal was for each student to write an essay on one topic of discussion, one Kwanza principle every day.

The response was good with up to 56 participants such that the contest was opened to the whole community.

On the first day contestants were awarded 1000/- token, second day 500/-, third day 1000/- and fourth, fifth and 6th day 500/- each. The last day students presented essays but not token awarded as our award kitty had been exhausted.

In conclusion, the general participation was good and more interactive all though. Students and community were both involved.

One of the major implications is the publication of Kwanza e book by Roseline Okendo and Anne Gachuhi.

6. SCHOLARSHIP

Congratulations David Israel

Ecclesiastes 9:11

I have seen something else under the sun:

*The race is not to the swift
or the battle to the strong,
nor does food come to the wise
or wealth to the brilliant
or favor to the learned;
but time and chance happen to them all.*

THE FOUNDATION DOES NOT HAVE AN ESTABLISHED SYSTEM FOR SCHOLARSHIP DISBURSEMENT.

However, we do have students from Kenya who are very needy and cannot afford to do back to school.

6. SCHOLARSHIP

The foundation does not have an established system for scholarship disbursement.

However, we do have students from Kenya who are very needy and cannot afford to do back to school. Through harambee spirit some Kenyan people and some American people raised money for the six students who had not reported due to lack of tuition. Students wrote a statement purpose.

Verification was done by calling the school. Money was sent directly to the school account.

Another student at Northwestern Community college in Chicago was awarded the late Susan Ojwang Memorial scholarship worth \$1000. The winner was Kaichelle Wallace.

Requirement for the scholarship included:

Student must be an Illinois resident and enrolled as a full-time student in school of Nursing.

Demonstrate financial need and commitment to community service.

HNF Scholarship Recipients 2021

INFRASTRUCTURE

MURRAM POURED ON THE ROAD NEAR RAE MIXED PRIMARY

HNF board members initiated a road improvement program in March 2021 to improve the road condition due to flooding conditions in Rae Community in Kisumu District during rainy season in April till June

Road Used To Flood During The Rainy Season- Rae Community

The Road was always flooding during Rainy Season

7. INFRASTRUCTURE

HNF board members initiated a road improvement program in March 2021 to improve the road condition due to flooding conditions in Rae Community in Kisumu District during rainy season in April till June. Students are not able to attend school due to the road being impassable during floods.

Many community members have died at home due to road being impassable. My father the late Mzee Henry Ochong had atrial fibrillation that led to heart attack and Rae community had experienced flooding that night and no car would brave my home to take him to the hospital.

My father died at home. I was motivated to initiate the road improvement to help the Rae Community. HNF board, relatives and friends fundraised and got ksh 300 000 that was used for the road improvement.

The road is in better shape but still need more work.

8. LUNCH PROGRAM

LUNCH PROGRAM IN THREE SCHOOLS IN KENYA:

Three schools benefited from the program in Kiandutu Primary school in Thika, Kiambu Kenya, Ombeyi and Wagai Primary School in Ombeyi, Kisumu County.

8. LUNCH PROGRAM

Three schools benefited from the program in Kiandutu Primary school in Thika, Kiambu Kenya, Ombeyi and Wagai Primary School in Ombeyi, Kisumu County.

Many students in the rural areas come from poor families that it is not unusual for students to go to school without lunch and breakfast.

Eating meals in school makes students to energetic and productive in class and sports.

Many students in the rural areas come from poor families that it is not unusual for students to go to school without lunch and breakfast.

TESTIMONIALS

May God continue to bless Healthy Nyanza!! I am very grateful for the support received from the team when my brother passed. May we continue to be there for each other in this journey of life. To God be the glory indeed

By Grace Obungu

"Even the angels in dancing for the work well done."

By Dr Sheba Okumu

Am delighted. Thanks a lot HNVs. Tuendelee kufanya kazi ya Mungu Thanks Mr. Macharia. I will also come for some tests. The only thing we can do is to pray for the HNVs and especially the drivers of this initiative, especially Roseline and the family not forgetting her friends. Barikiweni sana

By Rebecca Mwangi

On behalf of the Foundation I would like to take this opportunity to thank everyone one is us who participated in whichever way and helped our mission of educating and improving the lives of our community members and making sure that our orphans' widows and the needy are fed. Thank you so much to our board members donors and above all our volunteers who without we would never have been able to deliver the goods. As Martin Luther king once said choose your community over chaos

And yes we picked the community and by choosing community my people we chose development and with that I give you a big thank you and makofi ya kilo Hongera wanainchi !!!! Healthy Nyanza Foundation is helping orphaned underprivileged children acquire basic needs and eradicate illiteracy in the society . Thank you so much HNF

Special thanks to Roseline Okendo for so much sacrifices she has made to ensure this campaigns succeed.

Dr Okwadha, Dr Sheba, Dr Owino Elizabeth Renna Ayimba, David Israel

Justus and many more

Yes Yes Together we can !!!

By Mary Otieno

TESTIMONIALS

Roseline Okendo is a great lady from Nyakach residing now in US. I will never forget the hospitality SHE gave to my son Francis while doing piloting after finishing his engineering. It is a remarkable event that cannot be taken slightly. Actually, this lady never knew him but since this boy introduce himself as a Nyakach productshe welcomed him for a while. Can you welcome such a strange in such a fa country that you never knew before? She is a great lady and may God bless her.

By Jane Opiyo RN

Thank you for the dedication, commitment, love and a strong GOOD heart. May HNV put smiles on many faces this Christmas vacation. Let us all in our small ways reach out to the orphans, the widows, the senior citizens, the sick, the bedridden, all the needy children in our midst not only as a sign of love and gratitude but togetherness and appreciation. Enjoy the holidays and keep safe, Sanitize and mask up wherever you will be. Erokamano Nyar Madha tiji ber.

By Joash Komolo

The pupils came with their parents to receive the gifts. Most of their parents are very poor. Wengine hawana hata viatu. They prayed for you. It was moving session. They were very happy. Hawakuamini ati this was happening. Thank you very much team. Mungu wetu atawaongeza, kama hawa wazazi walivyowaombea. Aaaamen

By Rebecca Mwangi

Daughter of mrefu, you're true daughter of God! Wonderful testimonies always. You know your just like president Obama Wuod Alego,kogelo!! Almighty lord keep you safe during this festive season nya Rae. May Almighty lord protect your family and shower them with bountiful blessings.

By William Okello

TESTIMONIALS

“Following the unprecedented challenges we have experienced in the last two years as a consequence of covid/corona, your generosity, sacrifice and massive support towards Healthy Nyanza traditional Christmas and the end-of-year activities have been overwhelming. Our deepest gratitude for the heart of giving and a sense of love. Seasons greetings of Christmas and best of wishes of the new year - 2022. Deeply appreciated.

By David Israel

“I must say I am very grateful to Healthy Nyanza Volunteers! As a volunteer I received consignment belonging to Okudos church, Hosea oluoch of Barding and Irene Ayiamba's church!!! God bless everyone and their families!! Merry Christmas and Happy prosperous New year 2022!!!

By Mwalimu Joseph Okudo

“Hi its humility, i give God thanks i have recovered, I'm travelling home (Bondo), unfortunately team USA (siaya) was done but hope to serve in any other way. it's great how much you have accomplished with the team i'm joyful seeing what's going on and would like to be more engaged in this. May God also bless you abundantly and continue using you bring smiles and especially hope to those who've lost. "HOPE" Should be your other name It was successful 3concercutive days volunteering with HNV. While on a mission, we had time to interact n listen to the community in nyanza region. Some were in dare need and they for sure appreciated the good work the team is doing.....more so Madam Roseline Okendo. God bless

John Badia

I must say I am very grateful to Healthy Nyanza Volunteers! As a volunteer I received consignment belonging to Okudos church, Hosea oluoch of Barding and Irene Ayiamba's church!!! God bless everyone and their families!! Merry Christmas and Happy prosperous New year 2022!!!

By Mwalimu Joseph Okudo

CONCLUSION

In conclusion the community members were very happy and appreciated that HNF and HNV cared about them.

They were very positive and good reviews from churches, schools and individuals. We were able to reach 2000 people in Kenya.

HNF and HNV initiated a funds drive where Ksh 300 000 was raised. The students and community members both in USA and Kenya appreciated the work of HNF and HNV. Receipts were posted in the Healthy Nyanza Whatsapp group for accountability purposes. Appreciations comments were written on the Whatsapp group. Non-for-profit Organization in the USA wrote thank notes to HNF and stated the amount that was donated to them.

TESTIMONIAL

I wanted to share how appreciative I am for being awarded the late Susan Ojwang Memorial Scholarship. It is truly an honor to be nominated. My dream is to change the world as best as I can by helping people in healthcare as the late Susan Ojwang Did herself, like her I exemplify the key qualities it takes to be an efficient healthcare team player as I would like to say because it truly takes a village and words couldn't express how proud I am to receive this money for the scholarship because it puts my one step closer to me becoming the best version of me. Thank you."

Sincerely,

Kaichelle Wallace"

RECOMMENDATIONS

- Let us continue to adhere with infection control guidelines and mental health awareness.
- Let us continue to support one another through information sharing, donations and words of encouragement.
- To continue encouraging the youth to be creative writers. A new group Youth Issues and Creative Writing was formed to enable the youth gain in mentorship, essay writing and solutions to the challenges they face in life.
- The token of appreciation can be pocket money. Purchase back to school items or even pay tuition fees.
- Kwanzaa holiday to be extended to Kenya as well to educate the youth on ethnicity and racial groupings, learning their heritage and values as African America.

Food drive and Mental Health Awareness fundraiser to continue November 2022 to December

"Let us continue to support one another through information sharing, donations and words of encouragement"

IMPLICATIONS

In times of hardships and challenges community members need to come together and seek a mutual solution.

That means UMOJA, Kufanya Kazi Pamoja! Working together to achieve a common goal.

It was noted with great concern that American donors were more generous than Kenyan counterparts. This was especially noted in churches where nobody added extra gifts other than what HNV presented.

We observed that in Kenya people are more generous in funerals than in community development. We went ahead and engaged the youth through creative essay writing to research on why funerals attract more donors in Kenya than community programs.

CLOSING REMARKS

The greatest investment is people. Returns are always higher than money yielding accounts

Let us continue to pay attention to health, well-being and infection control

Let us continue to encourage one another, support one another and pray for one another.

Let us thank individuals going above and beyond their job descriptions.

Let us say sorry if you wrong someone.

Let us be problem solvers in areas involving community affairs.

Let us embrace constructive criticism as a way of improving and doing things better instead of taking it personal.

Let us continue kufanya kazi pamoja (USA ad Kenya)

Let us continue to work in unity or Umoja.

CLOSING REMARKS

THE GREATEST INVESTMENT IS PEOPLE. RETURNS ARE ALWAYS HIGHER THAN MONEY YIELDING ACCOUNTS

Last but not least, one of the late HNV Joseph Odima always stated “human beings create problems all the time and give solutions to the same problems”. True definition we are complex in nature.

Jack Abok Okeyo also stated “creative destruction social science has destroyed the old ways of doing things and has brought new ways of doing things for example, Mpesa in the village has created more jobs and more opportunities to rural people in Kenya.” Events like Covid pandemic, Black Death and natural calamities has made human beings to be more alert and develop new ways of dealing with the stated issues. For example, wearing masks, alert systems during tornadoes, vaccinations etc. by Jack Abok. My father the Late Mzee Henry Ochong Nyanungo (Mrefu) always stated “helping someone is the most important thing one can do in their life. Only God sees the heart and he is the one that will bless you abundantly”

CLOSING REMARKS

THE GREATEST INVESTMENT IS PEOPLE. RETURNS ARE ALWAYS HIGHER THAN MONEY YIELDING ACCOUNTS

There are many things that will happen to us human beings so long as we live on this earth. Certain things happen and we do not have control. Life is a living process, and we live with superpowers, and we have no answers to certain events. Keep it simple, keep on smiling and laughing and let God guide you in this life journey that is very complex.
